SIRIM Eco-Label
Eco-Label Certification Licence No : EL 000019
Eco-Label Claim : Restricted hazardous substances, restricted toxic substances, recycled content materials, reduced energy consumption, reduced air pollution, waste reduction.
Modular Coordination Verification Scheme
MS 1064 : PART 8 : 2001
CIDB
Report No : ESB2201131IBS0319

typical component usage HB90 Series Hollow Block

Introduction

Standard Natural Block is 90mm thickness block which is manufactured from controlled dense weight concrete. An extensive range of component form cater for construction requirements. The Standard Natural Block combines strength, durability and ease of construction and provides highly cost effective solution for everyday construction application.
